

THE ICTS SOCIAL DISTANCING SOLUTION

CONFIDENCE BOOSTING MEASURES TO MAINTAIN THE SAFETY OF YOUR EMPLOYEES AND CUSTOMERS

THE CHALLENGE

Lower the degree of anxiety being felt by employees and customers and help them to adopt and adhere to new measures and guidelines.

THE CONCEPT

ICTS Europe has developed a unique modular concept which brings together training, advanced AI and software into a managed service model that allows you to meet any new regulatory requirements relating to social distancing and sanitation.

Our goal is twofold: to ensure the safety of your employees, and your customers at large, as well as to protect business continuity in all areas through a modular approach.

Our team is ready to explore with you how our social distancing solution can be adapted to match your vision, objectives, plans and preferences.

OUR MODULAR SOLUTIONS

Our solutions allow you to prioritise critical areas through specific service modules, or address your organisation as a whole through a managed service.

TRAINING YOUR EMPLOYEES AND / OR SERVICE PROVIDERS

- Conducted by industry leading, highly-trained, multilingual confident and courteous trainers.
- Training capabilities accross multitude of countries.

SOFTWARE AND AI

- Through unique software and live streaming capabilities, you can ensure that all customers and staff comply with guidelines in a quick, appropriate and effective manner.
- AI based detection capabilities can identify and monitor multiple areas cost effectively.
- Can be implemented using existing infrastructure.

SERVICE - SOCIAL DISTANCING FACILITATORS (SFD)

- Highly skilled personnel, with extensive experience, in direct contact with different populations.
- Acting as courteous facilitator team, to help the employees and customers.

COMBINATION OF SOFTWARE AND SERVICE

- We combine technology with the presence of our SDFs, and remote monitoring capabilities, to quickly identify and address areas where guidelines are not being adhered
- AI based alerts notify SDFs, or video operators, of violation of social distancing guidelines that need immediate attention and care.

READY TO ROLL

The ICTS Social Distancing Solution is ready to be rolled out immediately, in an effective manner, to provide reassurance for passengers and employees and enforce social distancing measures. Our employees' health is constantly checked and, where appropriate, will be equipped with PPE (Personal Protection Equipment).
